Covid walks.

**Notes:**

After the astonishing summer of canal life in 2019 came the hideous water diversions of 2020. The canal bed was dry below the Rutland Road Bridge. The herons still fished by the water outlet from under bridge but the swimming birds, swans, coots, mallards and moorhens were stranded.

The Test Match Hotel instituted ludicrous one way traffic schemes through the pub, out the back door and back to the outdoor tables. They did take cash however.
