Camera: **moto g(8) plus: MG8**

Film: **1/2" 48MP**

Subject:

Covid walks.

Notes:

I did quite a lot of walks from Bingham in these times. There seemed to be endless skies around Bingham that were a real tonic. Max was still fit then and we would walk 6 or 7 miles, particularly on a Sunday.

Some of the farms I think were experimenting with GM crops and there were some remarkable practices in the marking of footpaths. The deep ditches were a puzzle too, why should it be such wetland?
