

Roll: **20230206-20256**

Camera: **Canon EOS 5D Mark III: E53**

Film: **Full frame digital**

Subject:

U3A photography project. Close up.

Notes:

Shot over 2 consecutive days, what I think I was trying to do was get close up from a distance. This worked well I think with the tree burls, bark and missing limbs. The other shots are fillers really I suppose.

Dates:

Dates and times are verified from original exif data.

Frames:

F47B6169 20230205 15:42:49 Tree.
F47B6171 20230205 15:45:54 Walking stick.
F47B6172 20230205 15:46:08 Walking stick.
