Subject:

Joan and Wes Marriage.

Notes:

Looks like Dad had had his teeth replaced with the National Health dentures in time for the wedding. Love that double breasted suit and tie. Mum and Dad met at the Trip to Jerusalem. Dad saw Joan across a crowded room and appears to have been instantly smitten. Mum tells the story in her autobiography [Guttersnipe](#)

The photographer is Eric Lee from West Bridgford (Tel Nottm. 84677) which rather suggests that that was something Dad arranged.

Joan Allen and Wesley Fulford
