

Roll: **20090202-5434**

Camera: **Motorola**

Film: **Digital Phone**

**Subject:**

Joseph, Rahel and Max in the snow at Bridgford Park

**Notes:**

Details of the camera are currently unknown as, although these are digital, the exif data on the model seems to have been overwritten by Hewlett Packard software processing. Joseph is 7 years old and Max still only 7 months old. Looks like Rahel went with me and Max to fetch Joseph from school. Makes my heart ache.

Phone model unknown but certainly a Motorola.

**People:**

Clifford and Joseph.

**Dates:**

Dates and times are verified from original exif data.
