Subject:

Nigel S. G. Holmes

Notes:

Nigel was the only son of Betty (Margaret Betty Holmes (nee Fulford)). His father was Betty's first husband Terry Holmes. Betty was my Dad's younger sister.

Nigel's birth is registered as being in March 1958 I don't know the exact date and according to the note on the photograph this was taken 2 weeks later. I have used the date 31/5/1958 but it could have been earlier or in April.

My Grandad Allen had died in the February of that year. The photograph, found among my Dads things, I assume was part of my Grandma Fulford's (Elsie's) collection and that it is her handwriting on front.
