Subject:

Holiday in North Yorkshire 18th - 24th August 2012.

Notes:

Lost a lot of memory after heart attack but then got most of it back after my cancer surgery but I although I can remember these walks I don't at the moment recall where exactly they were. It might come back to me if I spend some time looking at the maps I used at the time, I do hope so. The context of the trip is in the readme for 6203.
