Subject:

Campaigning and Evangelizing. The canal and the White Horse.

Comments:

Evangelizing and campaigning for a "No" vote to remaining in the Common Market. Cityscapes with Post Office tower from the canal. Audrey Wise at Birmingham Town Hall. Also saw Tony Benn there on the same subject at the time of the Butter Mountains and the Potato storage scandal but that was presumably before I got the camera. I can find nothing on the World Wide Web regarding the White Horse. It is not even on the Ansell's list of former tied houses.

Personnel:

Audrey Wise MP.

Dates:

Dates are assumed from the date of the Common Market referendum which took place on Thursday 5th June 1975. The most likely date for a visit to St. Martin's Square and the Bull Ring would be the previous Saturday 31st May.
