Subject:

Improvised studio portraits.

Notes:

I had cut 3 or 4 inches off my hair having found split ends for the first time. Shortly afterwards I decided the time had come to get shorn completely for the first time since leaving school in 1967. I was a bit sad at the time that I had not thought to take photographs before the first trim. The hair cut was on the 28th and these shots were taken a few days earlier that week.

People:

Clifford Wesley Fulford

Dates:

Taken shortly before getting my hair cut on Thursday 28th August at Michel's as recorded in Maggie's diary.
