Camera: **Zorki 4:ZO4**

Film: **Ilford HP4.**

Subject:

Gough Road and environs.

Notes:

I remember we went straight across the junction with Charlotte Road into Woodview Drive and then at some point turned right through the estate to Bristol Road at the back of the Bristol Cinema (became the Cannon Cinema in 1986). I remember it as being Springbank but it may have been Springmeadow or just Spring Road. Google maps doesn't help much because it looks like that estate has been demolished and replaced with another and the road layout changed.

The school I think must be what is now "Oasis Academy Woodview". I have been unable to track it down in the 70s but my memory suggest "Springbank".
