Subject:

Charnwood Villages Walk.

Notes:

The country was approaching another "national lockdown" due to the excessive panic of the world's politicians, egged on by a terrified public and self aggrandising scientists. Rather than succumb to the nonsense I was getting out for extended walks with Max as much as possible. The walk around Charnwood villages was a slightly charming 6 mile stroll around Rearsby Rearsby Mill, Ratcliffe on the Wreake, Ratcliffe College and Thrussington.

Rahel freaked at passing the college as I was trying to send her a message about her boy. I suppose she would have to find something to spoil the day out and had it not been that it would have been something else.

People:

Rahel Fulford
