Bonfire Night

Notes:

Rahel prepared and froze lamb curry and various vegetable dishes before we went, Rahel to London for Gurma's funeral and me to Hawkshead for our booked holiday.

Thursday evening I packed and cleaned the cottage. On the 5th I got up at 5.30 had breakfast and fed Max then showered, changed and completed packing. Walked to public car park to pick up the car with Max. Loaded up and set off at just before 8.30 only to return a few minutes later to return the parking permit to spinners loft. Finally got going properly about 8.40. Waze took me via Ambleside then to M6, A500, A50. One toilet break, took a little under 4 hours in total.

Rahel arrived back from London about 5 minutes later. The 7.30 start meant that if anything there was too much time to complete preparation. Rahel cooked mushy peas (frozen from Iceland), rice and a lentil dish in addition to the ones she had prepared before.

Roy had built the bonfire and Neil had brought round the sand.

Some splendid fireworks especially Neil's spectacular which Chris hadn't let him ignite at the covid bonfire night
