Subject:

Old John and the U3A photography group project "Doors"

Notes:

Visit to Old John after buying Christmas Tree from Bradgate Trees. Intrigued to find that Santa was staying in the upstairs room in the folly and was open to prearranged visits from children.

Had forgotten to put the insoles in my boots and I was struggling with tendinitis. Kept the walk very short.

I did very little at the Old John set other than delete a lot and crop some of those remaining.
