Subject:

Jackdaw and Crosby Road Street Party.

Notes:

The jackdaws have become rather dominant around the bird feeders seeing off the pigeons and the squirrels. Arrogant looking chap I think.

The absence of proper street parties for the Platinum Jubilee was very disappointing. I was expecting a good showing. I think had I know how poor efforts would be in the neighborhood I might have taken the organisation upon myself. This crew at the top of Crosby Road, just below Nellie's, were very welcoming and seemed primarily to be organised by a black couple that I did not know. I think they made most of the food too which was pretty good.

Sadly I was subsequently rather ill, I think some of the desert food had been left out rather too long.
