## Roll: 20221002-9239

## Camera: Canon EOS 5D Mark III: E53

Film: Full frame digital

## Subject:

Angles project for the U3A

## Notes:

The reflections under Meadow Lane canal bridge were quite remarkable. I was intent on taking pictures at dramatic angles from the Council House steps but there were a lot of barriers out while operatives put up banners on the balcony. As a consequence I had to return another day, still some of these I think are quite remarkable and could well justify that expensive printer.
